## **2009 FACTBOOK**

The NMSU Alamogordo 2009 Factbook is produced by the Office of Institutional Research and Assessment (OIRA) on behalf of the entire college community, and is intended to provide the user with a single source of accurate information about historical student enrollment and institutional data. This and previous years' Factbooks can be found on our website:

<<http://nmsua.edu/research/factbook/>>.

The 2009 Factbook continues publication of basic institutional information that was begun by previous NMSU-A institutional research offices more than 15 years ago. Space limitations have prompted us to limit the number of years of information we publish. Most of the data included in the 2009 Factbook goes back 10 years. If earlier information is needed, please contact us.

This publication is the result of the ongoing work of many people in addition to the OIRA staff, originating with students and employees throughout the NMSU system who fill-out the forms and enter the information into University data systems. NMSU-A personnel in Student Services and the Budget Office daily enter much of this information, always with a high degree of accuracy and reliability. This year's publication is largely the result of the work of OIRA staff member Greg Hillis, who brings considerable programming and database management skills to bear on this project.

We hope the Factbook information is useful for the many people involved with NMSU-A, including faculty, current students, prospective students, parents, law-makers, community leaders, state officials, administrators, and anyone who is interested in this part of the world and what we do at NMSU Alamogordo. Please let us know if this information meets your needs or can be improved in any way. We encourage all comments or questions.

Bruce Martin, Ph.D.

Coordinator of Institutional Research and Assessment
