

NMSU-A Printer Fees

A special general student printer usage fee will be assessed at the rate of \$0.10 black & white per page, \$0.25 color per page.

At the beginning of the each semester, (excluding summer), every NMSU-A student receives \$5.00 (50 pages) free.

Additional printing may be purchased at the Business Office. All printing accounts will be terminated at the end of the academic year and summer with no reimbursement of unused funds.

These printer access and printing fees apply to general printing carried out in the computer lab, library, and academic support center. Printing, as a requirement in the classroom, will be covered under applicable class fees rather than general fees.
